MR. SHEEHAN TO THE FIREMEN.

The Friendship Boys Now Anxious to Get the New Building.

A meeting of the Friendship Fire Company was held last night for the purpose of considering several matters of interest to the company, among them being the occupancy of the new fire building. There was a large turnout of the members.

Mr. Sheehan, of the City Council, was present by invitation to state the status of affairs. He said that the new building would be ready in a short time, but the company had put itself upon record as being opposed to the present building, and the company had furthermore put itself upon record as saying it would not occupy the house when completed. Mr. Sheehan pointed with pride to the splendid new building which was nearly completed, and called the attention of the members to certain remarks they had made, how they had antagonized the Council ever since they had been a company, and how the Council, in the face of all of this had given them all they had asked for.

When he sat down a motion was made and carried that a committee of three be appointed to draft a petition to the members of Council from the Third ward, asking them to do what they could to get the new building for the use of the company. Mr. Sheehan had stated that the citizens in general and the Council understood that the company did not intend to accept the building at all. He stated that he did not think there would be any trouble about the matter.

PUBLIC SALE OF LOTS.

The West Shenandoah Land Co.

Will have its First Public Sale of

BUSINESS AND RESIDENCE LOTS

AT SHENANDOAH, VA.,
ON DEC. 1, 2 and 3, 1891.

These lots are situated on the west bank of the Shenandoah river, overlooking the town of Shenandoah and connected with the principal business portion thereof by a new iron bridge, just completed and open to travel. This sale opens the handsomest residence portion of the town, and affords a rare opportunity to workingmen about Shenandoah to own their own homes without paying speculative prices. Investors and Building Associations will find in this property an excellent opportunity for paying investments. Houses in Shenandoah are in demand, rents are high and these lots will be sold low. Shenandoah, like Roanoke, is an iron manufacturing and railroad town. A large furnace, supplied with ore from the surrounding mines; a new rolling mill to manufacture its output into commercial iron, and extensive car and machine shops are among the prominent industries. At least five times as much building has been done here in the past summer and fall as ever before in one year, notwithstanding the depression elsewhere throughout the country; and yet the demand for houses increases.

Terms: One-third cash; balance in one and two years, with interest. Paid-up stock of company will be received on deferred payments at 50 per cent. advance on cost of stock.

For maps and other information address the Secretary, at Shenandoah, Va.

W. K. COMPTON, Secretary. **J. HAWSE,** President.
